Information about all tools available in MarketPlace:

A screenshot of the AIoD Marketplace website showing search results for 'openCall'. The page has a white header with the AIoD logo, company name 'F6S', and navigation links for 'MARKETPLACE' and 'BUSINESS NAVIGATOR'. A search bar contains 'openCall' and a user profile 'ANA MELO'. Below the header, there are links for 'DASHBOARD' and 'CART'. The main content area is titled 'Your search for AI Tools returned the following 14 results'. On the left, there is a sidebar for 'ENTERPRISE FUNCTION' with a search box and a list of categories with checkboxes and counts. The main area shows three tool cards: 'GPU STARTER BY MELUINA' (with a 'LUX PROVIDE' logo), 'TAI Scan Tool' (with a 'LUX PROVIDE' logo and a classical bust image), and 'AI-Builder-Suite' (with a 'Fraunhofer IAIS' logo and a futuristic AI interface image). Each card includes a title, a brief description, and a list of features or specifications.

A screenshot of the AIoD website's 'Open Calls' page. The page has a dark blue background with white text. At the top left is the AIoD logo. The navigation menu includes 'Our Solutions', 'Partners Area', 'Open Calls' (highlighted), 'AIoD For Research', and 'Contact'. A yellow 'Apply Now' button is centered. Below it, text instructs users to submit proposals via the F6S platform at <https://www.f6s.com/aiod-oc|privatesector/apply>. An important note states that applicants must create their AIoD Platform accounts and list their company profiles under Business Navigator. At the bottom, there are four navigation links: 'Guide for Applicants' (highlighted), 'Technical & Business Proposal', 'Ownership Control Declaration', and 'Sub-Grant Agreement & Annexes'. A footer note reads: 'Read [this document](#) to get detailed information on the opportunity, application process, and evaluation criteria.' The European Union logo and 'Funded by the European Union' text are in the bottom right corner.
